Brotherhood of Engineers in Cleveland
Throws Out Jencks and His Followers—
Throngs of Strikers Beg for Old
Jobs, but Many Rejected.

WORST CONGESTION YET
ON BOTH SUBWAY AND "L."

Pitiful Scenes at Company Headquarters When
Employees in Service Score of Years Are
Repulsed—Pepper, Defiant, Tries to
Cheer His Dejected Followers.

EVERYBODY AND EVERYTHING
CAN GO TO —, SAYS PEPPER.

George E. Pepper, President of the Manhattan local of the Street
Railway Employees, said to an Evening World reporter after his
Executive Committee and Chief Jencks's Executive Committee had
conferred at Marlon Hall to-day:
"The New York public, The World and all the newspapers can
go plumb to —; also the Interborough Company, Mr. Stone and
Frank Hedley."

For breaking their agreement with the Interborough Rapid Transit
Company and entering into a strike without the sanction of their na-
tional officers, the striking motormen of this city have all been expelled
from the Brotherhood of Locomotive Engineers, and the charter of their
local organization has been revoked.

This is by far the most serious blow that has been struck at the motormen,
for it removes them from the protection of the most powerful labor
organization in the country. The loss of their jobs and the loss of the
strike are as nothing compared to it.

After issuing his statement yesterday, Mr. Pepper went to the sub-division to this of-
fice by express.

It was stated this afternoon that Pepper and Jencks, realizing that their fight
was lost, had asked for an interview with Bryan and Hedley. It was said
further that the strike leaders were willing to formally declare the strike off
if the company would agree to take all of the men back.

At the Interborough offices it was said
that the charter and all books belong-
ing to the sub-division to this of-
fice by express.

CHRISTIAN SCIENCE
CRAZED THIS GIRL

Miss Grace Carpenter Becomes Violent and
Hysterical from Excitement After
Enthusiastic Study of the
Eddy Doctrines.

With physicians, nurse and her fam-
ily about her in her home at No. 431
West End avenue, Miss Grace Car-
penter, a handsome young woman,
twenty-five years old, is raving mad,
due her family say to her infatuation
for Christian Science, the study of
which she took up two years ago. So
violent did the young woman become
to-day that before daylight her family
was forced to send for the police and
an ambulance from Roosevelt Hospital.
When the physician arrived he said
there was hope that her reason might
be restored providing she had proper
care with kind friends about, and ad-
vised that she be not removed if she
could be restrained from violence.

Miss Carpenter became a convert to
the theory of Christian Science two
years ago. She had no allment of her
own, but it is said a friend had been
cured of an illness, and the girl, after
becoming interested, became an advo-
cate of its use in disease to replace
medicine. She attended the First
Church of Christ Scientists, where Miss
Stetson is the Reader. Ninety-sixth
street and Central Park West, never
missing a meeting in the church.

Girl Became Morose.

Her family did not share her views,
but saw nothing in her theories that
called for their interference. Her
mother, a widow, and two brothers,
however, frequently talked about her,
especially lately, when she became mor-
ose and would talk of nothing else but
the great work the church was doing.
A couple of times lately she seemed
to have spells when she was able to
talk of nothing else. They would pass
away, and in a few days she would be
herself again, and beyond her usual ad-
miration of the cause there was nothing

to indicate her previous state of mind.
"These spells would pass away," said
her brother, George Carpenter, to-day,
"and Grace would be all right. Last
night she became violent after a cou-
ple of days of one of her spells, and we
could do nothing with her. She con-
tinued to rave, and shouted, screamed
and became hysterical. She lacked of
nothing but her religion and was violent.
Fearful that she would jump
from a window, as she refused to re-
main in her room or be quiet, we sent
for the police and an ambulance. We
didn't like to do that, but it appeared
like the only way of preventing her
from doing herself bodily harm, and
the whole house was awakened by her
screams."

"Dr. Ely, who lives in the house, was
sent for, and arrived before the ambu-
lance came. The ambulance surgeon
said he would advise with her with
friends rather than a hospital, and we
accepted his advice."

Last night's upsurge in the apartment,
which is a fashionable one, route
nearby every one in the place out-
raged and created the greatest excitement.
Much sympathy is felt for the family
of the young woman by the persons in
the house, who have always admired
her and thought she was merely a very
religious girl, never suspecting her love
of Christian Science would result in af-
fecting her mind.

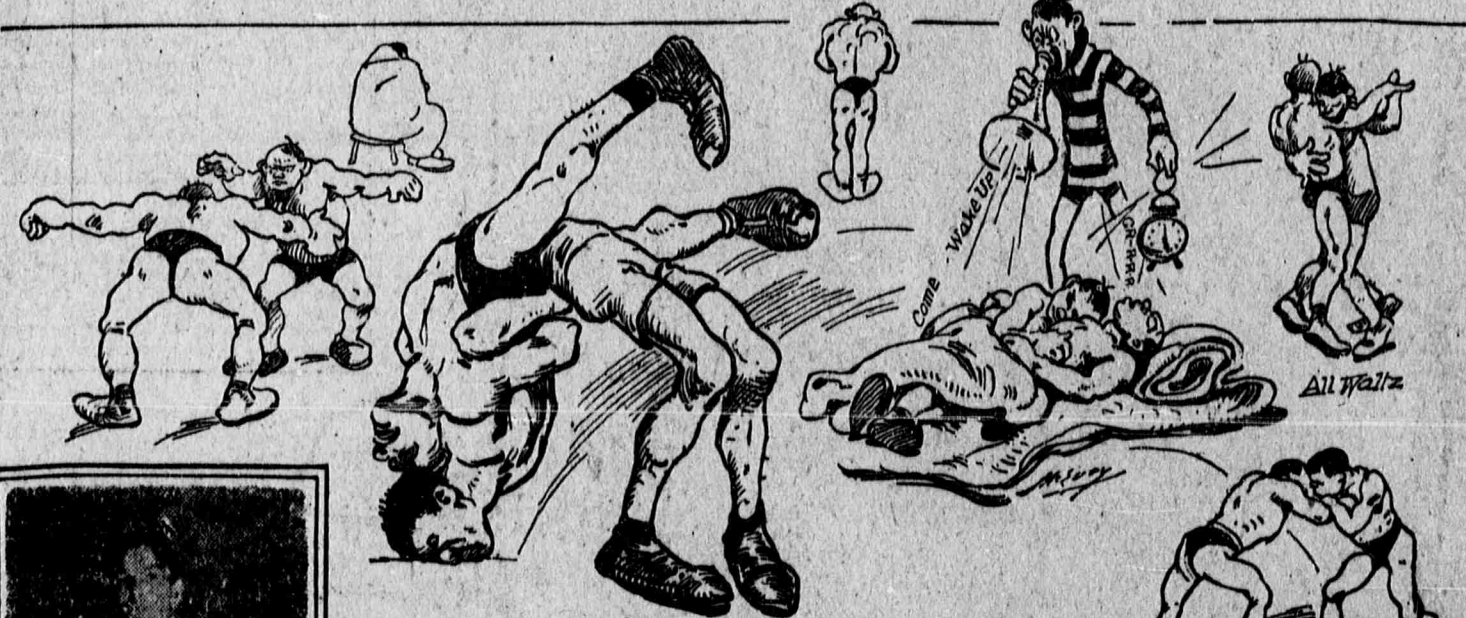

An attendant at the First Church of
Christ Scientists, Ninety-sixth street and
Central Park West, told a reporter for
The Evening World to-day that Miss
Carpenter's name was not enrolled
among the list of members. The young
woman's brother, however, insists that
his sister was a regular attendant at
the church services and formerly sang
in the choir there.

THIEVES LOOT HOUSE
OF NEW YORK BANKER
AND GET MANY GEMS.

Mystery Shrouds Robbery of Leach Home at South Orange—No
Clue as to How Burglars Got Into Rooms—City Guest
and Hostess Lose Jewelry.

The residence of Arthur B. Leach, of
the banking firm of Ferson, Leach &
Co., on Scotland road, South Orange,
was entered by thieves last night and
jewelry valued at nearly \$3,000 stolen.
The robbery occurred between 7 and 8
o'clock, three rooms in the upper part
of the house being entered while the fam-
ily was downstairs. These were the
rooms of Mrs. Leach, Mrs. M. I.
Leach and Miss Mary Shepard, of this
city, a guest. Six valuable rings were

taken from Mrs. Leach, a pearl and di-
amond sunburst and a black enamel pin
set with pearls and diamonds.
Mrs. M. I. Leach lost a Masonic em-
blem of some value, while Miss Shepard
lost a gold watch and chain, a cameo
pin set with pearls and diamonds, a
pearl pin and an insignia of the Seventh
Regiment Veterans' Association. A
small amount of money was also taken.
How the thieves got in and out again
without being discovered is a mystery
which the local police have not yet
been able to solve.

NEW ORLEANS, La., March 10.—The
news of the repeal of the Breeders' law
in Missouri temporarily outranked every
other subject of interest to the horse-
men here to-day. It affects both sides
to the present conflict, for while it will
take a strong prop from the Western
Jockey Club crowd it also will have no
uncertain effect on the plans of the
American Turf Association.
The Cella-Tillies-Adler combination,
which virtually controls racing in St.
Louis, will be virtually put out of busi-
ness for the next two years at least,
but so, too, will the Union Park track
at St. Louis and the new track at
Kansas City, which was to have been
one of the Corriean circuits.

CRESCENT CITY TRACK, NEW
ORLEANS, March 10.—An ordinary cir-
cuit which held out promises of ordinary
sport, was responsible for a light crowd
here this afternoon. The going im-
proved wonderfully over night and the
track was in fair shape.
The management have come out with
a positive announcement that the meet-
ing here will continue until April 15,
despite the plans of the New Orleans
Jockey Club to race in opposition.
The racing here has shown steady
improvement, and with the settled
weather some high-class races are
planned by Secretary Clark. Several
stables have signified their intention of
leaving for Benning early next week.

Actors and Singers must prevent
theaters from being closed.

HANNAH ELIAS
WINS OUT AGAIN

The Appellate Division of the Supreme
Court to-day denied an application to
amend the order entered by the Court
on Feb. 15 last in the case of Hannah
Elias.

Gilbert H. Montague, who was ap-
pointed temporary receiver of the prop-
erty of Mrs. Elias, wanted the order
restoring her property to her altered so
that a referee should decide what al-
lowances should be made to the re-
ceiver and to reimburse him for such
amounts as he had paid out.
It was claimed on behalf of Hannah
Elias that the appointment of the re-
ceiver having been declared unwar-
ranted, the Court has not the power to
charge her with the expense or com-
pensation of the receiver.
The Court upholds this view.
Montague, it is said, will have to ap-
ply at Special Term for the appoint-
ment of a referee to go over the ac-
counts, and report as to how much
should be allowed to the receiver, and
then procure an order for the payment
of such sum by the plaintiff, Platt.

SEARCHING FOR
GIRL'S ASSAILANT.

The police of Paterson, N. J., to-day
are searching for the negro assailant
of Miss Kittie Demarest, the daughter
of Samuel Demarest, who was attacked
shortly after dark last evening while
near her home. Her screams aroused
the neighborhood, and her assailant fled
pursued by Walter Galtant, Jr., the son
of the Rev. Dr. Galtant, whose home is
nearby. The man escaped.
Miss Demarest thought the negro was
following her when she left Broadway,
but was not certain of it until near her
home, then she started to run. He
caught her and attempted to strangle
her with his hand.
The girl, who is fourteen years old, is
prostrated at her home. The police in-
tend to follow the boy, the object of
the attack was robbery.

LEWIS'S MATCH
OFF FOR WEEK

PALL RIVER, Miss., March 8.—The
Willie Lewis-Peter Sullivan fight, which
was on the bill for fifteen rounds before
the Pall River Athletic Association last
night, was postponed. Sullivan claimed
that he had dislocated his shoulder and
a week's postponement was necessary.
The club management was of the
opinion that Sullivan was not in the
best of condition and did not care to
take a chance with Lewis. The boys
agreed to box before the New Bedford
A. C., or New Bedford, for fifteen
rounds at catchweights a week from
next Monday.

\$2,000,000 BEQUEST UPHELD.

A referee appointed by Surrogate
Fitzgerald, of New York County, to-day
reported that Mrs. Josephine L. New-
comb, who bequeathed more than
\$2,000,000 to the H. Sophie Newcomb
Memorial College in New Orleans, La.,
was a legal resident of New Orleans at
the time of her death.
This is in denial of the contention of
her relatives, who contested her will
and who claimed she was a resident
of New York, and that, therefore, her
will should not have been probated in
New Orleans, though the executors had
probated it there.
Mrs. Newcomb was the founder of the
H. Sophie Newcomb Memorial College.
She died in 1901.

RUNAWAY BOY SENT HOME.

(Special to The Evening World.)
NORFOLK, Va., March 10.—William
J. Wilmont, of No. 137 Pearl street,
Brooklyn, who ran away and came to
Norfolk to enlist in the navy, will be
sent home by the Chief of Police to-
night on an Old Dominion steamer.

Great Number of Prisoners Taken and Vast

(By Associated Press.)

TOKIO, March 10.—8 P. M.—Field Marshal Oyama telegraphs
follows under to-day's date:

"We occupied Mukden at 10 o'clock this morning.
"Our surrounding movement, in which we have been engaged for
some days past, has now completely succeeded."
"The fiercest fighting continues at several places in the vicinity of
Mukden."

"We captured a great number of prisoners, enormous quantities of
arms, ammunition, provisions and war supplies. There is at present no
time to investigate the number of these."

FUSHUN ALSO TAKEN.

Fushun was occupied by the Japanese last night. The fighting con-
tinues on the heights north of Fushun.

WASHINGTON, March 10.—The Japanese Legation to-day re-
ceived the following cablegram from Tokio:

"Our troops occupied Mukden 10 A. M. Friday. Our enveloping
movements since some days proved successful and the bloodiest battle is
now proceeding in various places near Mukden."

ST. PETERSBURG, March 10.—
The despatches of the Associated Press from Tokio and Yankow announce
that Mukden had fallen, and that the
Russians had captured thousands of
prisoners and enormous quantities of
arms and guns, only confirm the news
entertained here, the despatches of
the Associated Press received last
night having shown that the news
was true.

Kuropatkin Silent.
Inside the gloom was intense. Of-
ficials stood around discussing the catastro-
phe seemingly without a ray of hope. At
one o'clock the officer of the General Staff
who gives out official despatches ap-
proached a group of waiting foreign
correspondents and said disconsolately:
"No despatches from Kuropatkin to-
day."

That was all. Usually he had been
ready to offer explanations, but today
he said in reply to all inquiries:
"We have absolutely nothing."

Another officer, who was asked by the
correspondent of The Associated Press
for his opinion of the report that the
major portion of the armies of General
Bilderling and Kaulbars were slain, said
he thought that considering the
situation last night anything was pos-
sible.

Entire Army Corps Wiped Out.
It is believed that the Russians may
attempt to reach Kirin, 225 miles north-
west of Mukden, through the valleys,
but a Japanese corps from the direction
of the Yalu River (probably Gen. Ka-
yamura's force) threatens to cut them
off.

Gen. Kuropatkin is advancing northwest
and is forcing the Russians against
Gen. Nogi's armies.

The casualties on both sides have
been enormous.

The Russian Sixteenth Army Corps
was practically annihilated at Tat-
chekiao.

Eight thousand Russians fell at
Leukunpo.
